Memorandum of business done on account of the Church, by Thomas Cumpston, Samuel Wheeler, & Peter Deharen, (Peter Browne being indisposed could not attend) - On Tuesday morning - April 18. 1809. the above named persons set out, and went as far as Samuel. Deharens in Lower Merion Township near to the - Gulf Mill, when arrived at Mr. Deharens. with whom their business was to be transacted respecting a Bond for 200. Dollars that he had given to Paul Webb. which Bond is now missing or lost. Mr. De- -haven appeard a little harsh about it, and said that he would not pay the money without the Bond; previous to our going up, we had a Bond of indemnification drawn and signed by all the above named persons, for securing him and his Heirs, from ever paying the Bond or any part of it, in case it should ever be found. after sometime three of his Sons came in Viz.t. Moses. Samuel & Peter Deharen, and they all agreed that their Father might give us his Note payable in Six Months from April 18. 1809. with lawful Interest. and so we compromised the business, we gave him our Bond and he gave us his Note; we then went on to Norristown and there entered at the Office, satisfaction for a sum of Money, which we had never received. this Money was lent to Jesse Roberts by Paul Webb. but was paid in before Pauls death. but he had never acknowledged the receipt of it in the Recorders Office. and therfore they say it becomes necessary for his Executors to perform that part. be left in the care of Mr. Dawling a Lawyer, the business of collecting what Money he can and all other matters respecting the Estate of Paul Webb. for which he is to render an account to us, when called upon
